

Special Issue

**JSEE/ACCU Asia-Pacific Conference for  
Environmental Education Research Professionals  
“Past, Present, and Future: Reorientation of Environmental Education  
Practices  
towards ESD in the Asia-Pacific”**

February 27 – March 5 2006

Tokyo and Kyoto

Organised by the Japanese Society of Environmental Education and  
the Asia/Pacific Cultural Centre for UNESCO

Based on a research exchange in the field of environmental education in the Asian-Pacific region, the Japanese Society of Environmental Education and Asian/Pacific Culture Center for UNESCO organized a conference, in agreement with the implementation of the UN decade of Education for Sustainable Development. The purpose of the conference was to review past and present EE research activities and practices in the region, and discuss future EE research and practices to better the needs of the region and to improve the quality of education for sustainability.

This special issue republishes the reports presented at the plenary and group discussions dealing with past and present EE research activities and practices, and compiles many participants' ideas presented at plenary and group discussions as a final report.

## Contents

Final Report of JSEE/ACCU Asia-Pacific Conference for Environmental Education Research Professionals, "Past, Present, and Future: Reorientation of Environmental Education Practices towards ESD in the Asia-Pacific"

Introduction and Proceedings of Final Report .....	4
Agenda 1: Learning From Environmental Education Practices .....	8
Agenda 2: Connecting EE Practices and Theories	
Group Discussion I: Primary & Secondary Education .....	9
Group Discussion II: Higher Education & Educator Training .....	11
Group Discussion III: Pedagogy/Teaching Methods & Programme Development .....	14
Group Discussion IV: Monitoring and Evaluation .....	16
Agenda 3: System Thinking and Holistic Approach, Future Direction .....	18
Agenda 4: Field Trip .....	20
Agenda 5: Reorienting EE towards ESD in the Asia-Pacific .....	22

Comments and Suggestions by professor Hiromi Kobori, the conference organizer .....

#### Technical Inputs

##### Plenary Session I

The History and Trend of EE Research in China	Qing TIAN.....	29
